Honors Thesis Payment Form

Students must complete this form and bring it with them to the Heltzer Honors Office when they submit their theses for binding. The library retains one copy of the bound thesis in the library; they pay for that copy. The mathematical sciences department will pay for one copy of your thesis for you, one copy for your advisor, and one copy for the departmental library. Students may have additional personal copies bound for $6.80 per copy. If a student chooses to bind additional personal copies he or she must obtain a receipt from the Cashiers Office in John E. Thomas Hall for the full price of binding the additional copies and attach the receipt to this form. All copies are bound in light golden brown with black lettering.
